

ADMINISTRATIVE ACTION REINSTATEMENT

Chapters 46.20, 46.25, 46.29 and 46.65 RCW authorize the Department of Licensing to suspend, revoke, cancel and/or disqualify the driver's license or driving privilege of individuals. The following is a list of actions for which the Department may administratively suspend, revoke, cancel or disqualify. Also shown is the length of the action, whether a hearing is offered and requirements for reinstatement. An occupational driver's license (ODL) may be issued for a first administrative per se suspension. An ODL may also be issued for a suspension resulting from a vehicle collision (excludes suspensions based on civil court judgments); too many tickets (excludes Habitual Traffic Offender); and failure to comply, respond or pay a traffic citation provided the applicant is in an apprenticeship, on-the-job training or WorkFirst program or is attending alcohol treatment or 12-step program and otherwise qualifies.
